SUBJECT INDEX TO VOLUME 173

January–December 2008

A

- Accreditation status of U.S. military graduate medical education programs, 635
- Acinetobacter baumannii*, effects of topical antimicrobial agents on, 74
- Acne in the modern soldier, editorial, ix(8)
- Acupuncture in operational medicine environment, 629
- Acute mountain sickness, hypoxic acclimation and hypoxic survival (pig), 107
- Adenovirus type 14, emergence at US military training centers, editorial, iv(6) (erratum, 824)
- Adherence to lipid-lowering drug therapy, 666
 - editorial, iii(7)
- Adolescents
 - evaluating active duty risk-taking, 1164
 - male adolescent with bilateral femoral neck stress fractures, 711
 - pregnancy in U.S. military, 658
- Advanced Trauma Life Support, self-assessment of trauma competencies among Army family nurse practitioners, 210
- Adverse drug effects, vasospasm and stroke attributable to ephedra-free Xenadrine, 708
- Advocates for domestic violence victims, 860
 - characteristics of incidents reported by, 865
- Aeromedical transport
 - battery life of the LTV-1000 4-hour lithium ion battery, 792
 - for oral-facial disease/injuries, 465
 - pitfalls in aeromedical and ground crew engagement, 1004
- Afghanistan
 - evaluation of dermatologic conditions by primary care providers in deployed settings, 882
 - findings of clinical demonstration project for veterans returning from Iraq or, 448
 - mental health problems in spouses of service members involved in Iraq and Afghanistan deployments, 1051
 - standardized model needed to study neurological effects of primary blast wave exposure, guest editorial, vi(6)
 - suspected pulmonary TB exposure in at U.S. Army camp in, 684, xvii–xviii(12)
 - U.S. Army disease and nonbattle injury model in, 825
 - use of protective measures against vector-borne diseases among troops in, 1060
- After-actions reporting by deployed nurses, 210
- Air Force
 - battery life of the LTV-1000 4-hour lithium ion battery, 792
 - Brugada syndrome in pilot, 809
 - Chlamydia* and gonorrhea genital infection reporting in, 313
 - dental readiness classifications and caries-risk assessment, Jan supplement 42
 - gambling and health risk-taking behavior, 452
 - impact of retained third molars on deployed airman, Jan supplement 27
 - physiological effects of modafinil and sleep loss, 1092
 - reporting child and spouse maltreatment to Air Force Family Advocacy Program, 1203
 - smoking and deployment, 441
- Alcohol use
 - biomarkers of, editorial, vi(8)
 - policy in military environment, 619
 - referrals for alcohol use problems in overseas military environment, 871
- Anemia among military beneficiaries, 913
- Ammunition, urinary and serum metal levels as indicators of embedded tungsten alloy fragments, 754
- Anatomy
 - anomalous systemic and pulmonary venous return in child with heterotaxy, 324
 - partial anomalous pulmonary venous return, 523
- Anesthesia
 - malignant hyperthermia in Filipino child, 805
 - ON-Q anesthetic pump in gynecologic oncology, 918
 - psychogenic coma following upper endoscopy, 509
- Aneurysmal bone cyst, chondroblastoma with, xiii(2)
- Angiography, traumatic carotid pseudoaneurysm post gun shot wound to head/neck, xv(5)
- Angiomyolipoma, xiii(1)
- Animal models
 - effects of MK63 stun gun device discharges in miniature swine, 167
 - hypoxic acclimation and hypoxic survival (pig), 107
 - urinary and serum metal levels as indicators of embedded tungsten alloy fragments, 754
- Anisometropia among military beneficiaries, 913
- Anthrax vaccine immunization program, perceptions of, 429
- Anti-vehicular land mines, lower limb surrogates as injury assessment tools in floor impacts due to, 1180
- Antidepressants, changes in prescribing habits with generic fluoxetine, 100
- Antimicrobial therapy
 - effects of topical agents on *Acinetobacter baumannii*, 74
 - linezolid for pediatric vancomycin-resistant enterococcal ventriculitis, 927
- Anxiety
 - coping skills training to reduce anxiety and depression for forward-deployed troops, 241
 - post-traumatic stress reactions before advent of PTSD in historical figures, 1158
 - preinduction cognitive ability and combat-related PTSD in Vietnam War veterans, 576
 - systems-level collaborative care approach to depression and PTSD, 935
 - trichotillomania and PTSD, 1136
- Army
 - air medical evacuations for oral-facial disease/injuries, 465
 - Army and Marine Corps injury and illness casualty distributions during Operation Iraqi Freedom, 247
 - attrition in Army pharmacy technician program, 1219

- brucellosis public health campaign in Iraq, 79
 - characteristics of domestic violence incidents reported by volunteer victim advocates, 865
 - comparison of Operation Iraqi Freedom and Patient Workload Generator injury distributions, 647

- Biceps tendon rupture due to light weightlifting, 1238
- Bioelectrical impedance, evaluation of body fat estimated from BMI and, 266
- Biological/chemical warfare agents
 - French perspective on confronting current and future medical threats, 113th Annual Meeting keynote address, xiii(4)
 - perceptions of anthrax vaccine immunization program, 429
 - proposals for chemical weapons during American Civil War, 499
- Biomarkers of alcohol use, editorial, vi(8)
- Biomaterials
 - Bondsteel fixed partial denture for in-the-field emergencies, 318
 - flexural strength of fiber-reinforced polymer and high-impact strength resin for dental prostheses, 1023
 - use of dermal regeneration template after excision of giant melanocytic nevus, 105
- Blast injuries

epistaxis from intracranial vascular bleed from grenade injury, vii(9)
 revascularization and coverage of complex volar hand blast injury, 801
 standardized model needed to study neurological effects of, guest editorial, vi(6)

Bleeding
 Army surgeons' use of recombinant Factor VIIa, 1057
 complications of prolonged tourniquet application, 63
 diaphragmatic injury presenting as delayed hemothorax, 1148
 epistaxis from intracranial vascular bleed from grenade injury, vii(9)
 lung laceration with bleeding, contusion and hemothorax, xv(8)

Body armor, metabolic demands on physical performance, 817

Body fat, 67

Body mass index (BMI), 67
 BMI, disordered eating, and weight dissatisfaction in female military recruits, 138
 evaluation of body fat estimated from BMI and impedance, 266

 obesity classification in military personnel, 67
 obesity/overweight among active duty staff at a naval medical center, 434

Bone. See also Orthopedics
 chondroblastoma with secondary aneurysmal bone cyst, xiii(2)
 healing tibial fatigue stress fracture, x(6)

Brain
 Automated Neuropsychological Assessment Metrics reference data for traumatic brain injury, 836
 diffuse axonal injury with negative CT and positive MRI findings, xi(11)
 helmets to reduce traumatic brain injury risk while parachuting, 1168
 linezolid for pediatric vancomycin-resistant enterococcal ventriculitis, 927
 standardized model needed to study neurological effects of primary blast wave exposure, guest editorial, vi(6)

Brooke Army Medical Center
 ethics training for military medical trainees, 968
 simulation in health care provider education at, 583

Brucellosis as cause of infective colitis, 1145

Brucellosis public health campaign in Iraq, 79

Brugada syndrome in Air Force pilot, 809

Bupropion
 for smoking cessation, rhabdomyolysis associated with, 1042
 tolerability and effectiveness of two regimens for smoking cessation, 550

C

Canada
 adherence to lipid-lowering drug therapy in Canadian Forces, 666
 editorial, iii(7)
 dental fitness classification in Canadian Forces, Jan supplement 18

Cancer
 adaptation and quality of life of cervical cancer survivors, 1035
 complications after surgery for malignant thyroid disease, 399
 DoD marks 10 years of prostate cancer research, editorial, iii(8)
 metastatic malignant teratoma arising from mediastinal nonseminomatous germ cell tumor, 406
 ON-Q anesthetic pump in gynecologic oncology, 918
 Royal Norwegian Navy personnel cohorts for cancer incidence and mortality studies, 785

Cardiovascular disorders
 adherence to lipid-lowering drug therapy in Canadian Forces, 666
 editorial, iii(7)
 anomalous systemic and pulmonary venous return in child with heterotaxy, 324
 Brugada syndrome in Air Force pilot, 809
 cardiac pathology in young soldiers, 1122
 in forward military hospital during Operation Iraqi Freedom, 193
 left ventricular myocardial injury and syncope due to pulmonary embolism, 700
 multidisciplinary, shared medical appointment approach for heart failure patients, 1210
 partial anomalous pulmonary venous return, 523
 superior vena cava syndrome, xv(3)

Cardiovascular performance, during basic training combined with endurance or strength training, 1173

Career
 career outcomes of Uniformed Services University of the Health Sciences Medical School graduates, 422
 concerns about career stigma by military parents of children with psychiatric illness, 134
 don't know, don't care: revisited, 300
